

What Mike Huckabee's Readers Think About His Newsletter

"Your newsletter is The BEST. I usually delete 99% of the emails I get, but I ALWAYS read EVERY WORD of yours."

"Your news letter makes me feel good. I hear so much "Fake news" that it starts to upset me. Your news letter is an upper! Thanks for explaining what is really going on." – Suzanne R.

"I like your report as it is now and wouldn't mind if it were longer, however when something is so good why change it? I say keep it up. I look forward to it daily." –Billie D.

"I am on far too many mailing lists and I thought I'd tell you that yours is the only one which I ALWAYS read! It is short, concise, occasionally funny and always worth reading. " – Bill

"I love your newsletters, your take on issues, and I send them out to a group of conservative friends. I wish the whole nation read them every day because generally our news is so liberal and slanted. I like receiving them every day. I think it's best to keep them not too long so the people to whom I forward these will be most likely to read them. Thanks for sending them out." – Sarah M.

"We simply LOVE your daily insight into what is going on in the world around us. Your newsletters are succinct, quick witted and often sprinkled with humor. Mike, you have been around the block, and we appreciate your sharing the wisdom of your life's experiences in the light of today's happenings. Thank you!" – Sharon and Bill H.

"LOVE IT!! Great articles "inside" the news and RIGHT on TARGET. Keep up the good work. Thanks for all you are doing to promote conservative and value causes!" – Linda M

"Your newsletter always has a calming affect on me. I get so frustrated with the mainstream media bashing Pres. Trump & making it sound like he is some crazy nut who is out to ruin this country, for his benefit. But when I read your newsletters they reassure me that I made the right decision in voting for Mr. Trump!" – Patricia C.

"I have become an avid Huck fan. I save your emails and re-read them again and again, bringing some sanity back to the madness of our political world. Thank you for your honest assessments and wit. It cheers me!" – Susan H

"I love your newsletter because it is the voice of reason in all this media craziness. I know I can trust what you write because I watched your TV show and you were an honest man." – Georgia A.

"It's a pleasure to read such insight with Mikes' witticism. Thank you!" - Marilyn O.

"Love reading your emails Mike, keep them coming. The only problem I have with them is: You make too much sense!!! Preach on preacher man! God bless you brother" – Hugo V.

"Great newsletter. I read it completely when received." –Robert C.
